EDITORIAL DE MÚSICA
BOILEAU

In 2014, after 7 years as a music teacher in Secondary Education at Hamelin-Laie International School, I presented a very risky project that basically aimed at making music an experience for the student rather than a subject based on theoretical concepts. Hamelin-Laie International School, interested in the idea that the students could form musical groups, supported the idea.

Based on the Big Band, I thought of creating one per class. To carry out the proposal and take care of the training of each of the rhythmic sections myself, I needed a team of teachers to train the students to play the wind instruments; that is where I was lucky enough to have Michael Dehner, Eva Garín and Josep Morera and share the excitement of this new methodology with them.

Throughout this period, and working with 12 classes in each academic year, the four of us have learned a lot from the students and their instrumental initiation. I thought it would be a good idea to create our own repertoire that could be performed with the Big Band, another type of smaller formation or even individually, but always suitable for instrumental initiation, allowing the student to improvise and perform different musical styles from the beginning. The tool that you have in your hands is the one that we have designed so that the students can familiarize themselves with the instrument, practicing and improvising from the beginning. They can practice pieces of diverse styles, in an individual or collaborative way, making it possible to understand and enjoy the work that they carry out integrating their musical education as an experiential and significant learning experience.

We hope it will be as useful for you as it is to us.

Alberto Moreno

Trumpet

The trumpet is a wind instrument.
It belongs to the brass family.

The most common trumpet is a transposing instrument: it is tuned in Bb (B flat). That is to say, the note C of the trumpet is, really, sounding as a B-flat.

To make the trumpet sound, you have to make your lips vibrate.

Main parts of the trumpet

Table of characteristics

Pop

Pop music is an eclectic style that derives from many other genres. Mainly, it is characterized by friendly melodies, simple harmonies and square structures. Therefore, it is a popular music that tries to please as many people as possible. It was born in England in the sixties.

Fine

The musical score is for the first section (labeled 'A') of the piece. It is in 4/4 time and G major. It features three staves: Trumpet, Alto Sax, and Trombone. The first staff (Trumpet) has a circled 'A' above it. The second staff (Alto Sax) and third staff (Trombone) are below. The music consists of two measures of music, each with a repeat sign. The first measure has a key signature change from G major to E minor (indicated by a natural sign under the F#). The second measure returns to G major. The notes are: Measure 1: Trumpet (G4, A4, B4, C#5), Alto Sax (G4, A4, B4, C#5), Trombone (G2, A2, B2, C#3); Measure 2: Trumpet (D5, E5, F#5, G5), Alto Sax (D5, E5, F#5, G5), Trombone (D3, E3, F#3, G4). The piece ends with a double bar line and the word 'Fine'.
